

BOTLEY C of E PRIMARY SCHOOL
Safeguarding in the Curriculum

Safeguarding is at the heart of everything we do. We place importance on identifying opportunities in the taught curriculum for children to learn about safeguarding and how to keep themselves and others safe. Our broad and balanced curriculum provides opportunities for children to experience life in all its diversity, to acquire knowledge, understanding, and skills that significantly impact upon personal development and support learning around personal safeguarding.

Our PSHE curriculum is delivered through subject specific teaching using Coram Education's SCARF programme. This covers all areas of Safeguarding, including Relationship and Sex Education through each of the strands as outlined in the PSHE Curriculum Map.

Through a range of aspects of the curriculum and our school Christian heart values, children are able to explore values, personal rights, responsibilities, and equal opportunities that develop moral concepts that impact positively on safeguarding, promote British values and prevent radicalisation and extremism. We will support our safeguarding curriculum through visits and visitors as appropriate.
