

## Darren Campbell Visit - 22<sup>nd</sup> April 2015

On Wednesday 22<sup>nd</sup> April, the pupils of Botley C of E Primary School were visited by Darren Campbell, a former English Sprint Athlete. The School's Sports Coach, Mr Andrew Rowles, had entered Botley Primary School into a competition organised by the social media forum 'Twitter.'

Schools entering the competition were asked to write why they should have a visit from Darren Campbell and provide a short video showcasing sport at their school. After submitting an entry for Botley C of E Primary School, Mr Rowles heard the fantastic news that the school had won the competition and would therefore receive a visit from Darren Campbell.

Mr Rowles said 'it was great to hear we had won the competition and the children had a great day with Darren. We take sports very seriously at Botley and it's lovely when all our hard work pays off.'

Darren led a whole school motivational assembly and then took groups of children for P.E sessions, which the children loved. The day was a great success and enjoyed by all.
